## WEDNESDAY MORNING, JUNE 15, 1853.

We call the attention of our agricultural friends to the advertisement of Gro. C. ALLEN. The agricultural Manufacturing Company is in full operation, and is prepared to do all kinds of work such as wagons, carts, plows, &c. Our farmers would do well to give this house their work.

To THE EDITORS OF THE USION AND AMERICAN: GENTLEMEN: In reply to the complimentary call upon me, in your paper of Saturday, to become a candidate for Mayor of this City at the ensuing election, which call is repeated in the Banner and Gazette of to-day, I can only say, that I place my name at the disposal of my friends, with unfeigned diffidence of my ability to satisfy their expectation in case I should be elected.

Please announce my name as a candidate for that G. M. Food. NASHVILLE, June 14, 1853.

To Messes, W. B. Ewing, J. Morrow, R. O. Curry, and GENTLEMEN: We have read your letter of June 6th, in which you copy the Preamble and Resolution adopted by the Convention, which met in this place on the 4th, and now offer the following as our answer to the same.

1. We have already said, that, if elected, we would vote for a resolution fixing a day and giving to the people the right to meet on that day and vote in favor or against a prohibitory law, and it is now useless to repeat the same. But we are now asked, whether we would vote for this resolution, if it came up at an early day in the Session. Wereply, that so far from this being an objection with us, we would require it to be done before giving to it our support, if we ould be expected to consider the vote of the people upon the subject, as instructions to us in our vote upon the law subsequently to be brought up and acted upon at the same Session. We certainly would require reasonable time to intervene between the passe of the resolution and the vote of the people, to satisfy us that all was fairly done, and that the calm, deliberate voice of the people was had. This being done, we do not care on what day the resolution is brought forward, we will vote for it.

a. If the people should vote in favor of a prohibitory law when the question was submitted to them, we are asked whether we would then be willing as their representatives to carry out their will. In other words, whether we would obey instructions. In reply to this, we will copy the 23d section of our Declaration of Rights. "That the citizens "have a right, in a peaceable manner, to assemble together "for their common good, and to instruct their representatives, "and to apply to those invested with the powers of govern-"ment for redress of grievances or other proper purposes, by "address or remonstrance." If the people have the right to instruct their representatives, and the right was considered so essential and incontestable as to deserve a place in our Bill of Rights, we suppose that it would fellow, that it was the distg of the Representatives to obey such instructions, where the same were neither contrary to the constitution of the State or of the United States, nor immoral in their tendency, and we must be permitted to express our surprise, that the Convention should have deemed it neces. sare gravely to address us upon the subject. In conclusion, gentlemen, allow us to say that we adopt all we said in our former letter, and to express the hope, that what we now gay in connection with what we then said, will prove satisfactory, and that this letter will close the correspondence upon the subject. Very respectfully,

Your obedient servants. JOHN REID INO HUGH SMITH.

TAKE pleasure in announcing that they are now ready for the reception of patients at their establishment at Buena Vista Springs. The romantic, healthful and picture-sque character of the locality at Buena Vista Springs is so widely and generally known through the numerous visitors who annually resort to the place for its medicinal waters, that the proprietors down it necessary to say but little on the subject. The country is wild and broken, abounds in game, is exempt from epidemic invasion, has an unconfined and salubrious atmosphere, and the establishment is supplied with an abundance of pure running free-stone water, equal to any in the State.

Dr. Wennen is a physician of forty years' experience in the active practice of his profession, and has just returned from a tour through the Northern and Eastern States, dur-ing which he visited the best water-sure establishments in

the country and enjoyed ample access to all the best sour-ces of information on the subject.

Dr. Engosys, though a younger practitioner, has several years' experience, and brings with him into the establish-ment the professional devotion and energy incident to the earlier periods of life. The means for amusement and re-ceptionage sample and fire of charges. creation are simple and free of charge.

TERMS.—For Board and treatment from 8 to \$10 per week.

Extensive preparations have been made for the comfort both of the invalid and the man of pleasure. It were needless for us to attempt to set forth the value of our place, in a medicinal point of view. Many, afflicted with various diseases, have visited us, and after a few weeks sojourn, have gone away either entirely oured or greatly relieved porticularly such as have been afflicted with Scrotola, dis-RED SPRINGS. have gone away either entirely enred or greatly relieved— particularly such as have been afficied with Scrofula, di-seases of the Skin, Stone in the Bladder, and also of the Di-gustive System in general. And we have at this time two living specimens of Scrofula cases, cared sound and well, with us, to be seen as testimony to our decsound and well, with us, to be seen as testamony to our declaration; one of which was almost a hopeless case.

PUBLIC SALE OF 209 TOWN LOTS In Columbus, Hickman county, Ky. ON the Minsissippi River, 20 miles below the mouth of the Ohio, and at the great Terminus of the MOBILE AND OHIO RAILROAD. The undersigned will sell to the

highest bolder, without reserve, on THÜRSDAY the noth of June, and on FRIDAY, the 1st day of July. Two hundred and time Lots in the Town of Columbus, embracing the ost valuable Lots in said Town.

These lots were purchased at the original sale of lots in said town, in the years 1822, 1828 and 1832, by the late H. L. Elirington and others; and the undersigned having purchased said lots, now offers them for sale, for the purpose of dvancing the interest of said town.
In the year 1750, the State of Virginia, in her compact with Kentucky, made a reservation of 4,000 acres of land at the Iron Banks, on the Mississippi river, which was to be laid off into Town Lots, and sold for the benefit of the Officers of the Revolutionary Army residing in said State, and in the year 1821, the Legislatuce of Kentucky, in accordance with said compact, had said Town laid out, and the Lots sold, and at the original sale of iots, they fell into the hands of a few wealthy individuals, who were not disposed to sell them, except for the most enormous prices, as they 'booked forward to' the day they would become of immense value, and hence the improvement of said town has been prevented, as persons could not obtain property.

COLUMBUS, is situated, on the Mississippi. River at a

point always accessible to steamboats, and in one of the very best portions of the State of Kentucky, and as a site for possesses advantages superior to any other in the West.

This being the point selected for the terminus of the great
Mobile and Ono Railroad, the principal part of which Road
is now under contract, and the most eligible point on the
Mississippi River, for the connection of the Charleston,
Chattaneous and Naderite Ballesad with the Charleston. a large Commercial city, it is the most elligible position, and hattaneoga and Nashville Bailroad, with the St. Louis, on Mountain and Pacific Railroads, it is clear that Colambus is destined to be the great Central Emporium of Com-moree, for the great Valley of the Mississippi. We unbesitatingly say that at no time or place has there TERMS OF SALE, One third cash, and the balance on twelve months credit, with band and approved security, or a lien upon the property, at the option of the purchaser.

IMPORTANT TO IRON MANUFACTIRERS.—JAMES RENTON, of Newark, New Jersey, has discovered a process for manufacturing wrought iron directly from the ore, with wood or mineral coal, styled by him an ore-welding furnace; (an improvement in the manufacture of iron long sought after, but never successfully attained until Mr. Reuton's discovery, and which produces at a single heat the best quantity of blooms, at a less cost than pig iron is now usually made.
